

# CONNECTING

PEOPLE • BUSINESSES • IDEAS

## OUR MISSION:

We are an international voluntary organization of business persons committed to promoting English-speaking networking opportunities and business relations in the Grand Duchy, promoting cross-cultural understanding and enhancing the quality of life for Americans and other expatriates who live and work in the Grand Duchy and Greater Region.

## What is AMCHAM?

### BUSINESS NETWORKING

AMCHAM is composed of approximately 300 European, international and U.S. companies based in Luxembourg and the Greater Region. With forty-plus networking events per year—including conferences, luncheons, seminars and cocktails—our members enjoy a wide range of business learning and networking opportunities.

### HIGH-PROFILE EVENTS

Regular event speakers include the Prime Minister, the Minister of the Economy and Foreign Trade, the Minister of Finance, the Minister of Labor, the Minister for Communications and the Media, EU Commissioners and high-profile business leaders.

### PROMOTION OF LUXEMBOURG

AMCHAM promotes Luxembourg as an ideal gateway into Europe for American and international companies by clearing queries from interested companies, providing information on the local business environment and developing business referral support with the Foreign Commercial Service, U.S. Embassy, U.S. Chamber of Commerce, the Luxembourg Chamber of Commerce and similar entities.

### A COLLECTIVE VOICE

Special purpose committees are empowered to lobby for and focus on issues pertaining to financial services, tax, human resources, information technology, marketing, logistics, diversity and more. In this way, AMCHAM serves as a collective voice for expatriate and non-EU member issues.

## From Our Chairman:

## BUSINESS PUBLICATIONS

AMCHAM keeps its members informed and connected through:

- *Connexion*, the AMCHAM news magazine
- The *Working in Luxembourg* book and CD-ROM: a business and professional guide on the rules, practices and customs of the Luxembourg business environment
- The *Why Luxembourg?* presentation, which promotes Luxembourg as an ideal location in the EU for living and working

*AMCHAM Luxembourg has been in the Grand Duchy for over fifteen years and is one of the youngest—yet fastest-growing—AMCHAMs in Europe.*

*We have grown to become an organization of approximately 300 diverse member companies covering the full range of the Luxembourg economy from manufacturing to services, banking to tires, domestic companies and international firms, new companies and long-established firms, small startups and the biggest players in Luxembourg.*

*What we all have in common is that we are all working together to build a better and stronger Luxembourg: a great place to work and live.*

*At AMCHAM, we have worked hard to be able to provide*

- (1) a full range of social and business events for our members and friends*
- (2) a wide range of information resources in English as needed by the expat community*
- (3) networking activities between our members themselves and with the government and broader local community*
- (4) lobbying to explain issues to the government and promote solutions which address the needs of the expat business community.*

*Our events cover a wide range of issues on everything from tax, finance and IT to human resources, marketing and more. Nearly every month, we also host an ABAL luncheon, which is a great opportunity to meet new people over an informal lunch while listening to a dynamic speaker.*

*If you are not yet a member, think about joining us . . . anyone sharing our values is most welcome.*

*We look forward to seeing you!*

Paul Schonenberg, AMCHAM Chairman and CEO
