YOUR GUIDE TO LUXEMBOURG

Welcome to the second edition
of the Expat Hub Magazine.

Whether you have just arrived in Luxembourg, have been living in the country for years or even grew up here, everyone needs a go-to place for information about all aspects of life in Luxembourg.

Moving to a new country can feel daunting, which is why in this year's magazine we have included a dedicated section for newcomers to find all the information you need, from registering at the commune to finding a home, making friends and getting to know your new neighbourhood.

The magazine also gives you the rundown on activities to enjoy during your spare time, places to explore, or it can simply point you to the country's gyms and yoga classes or best spots to go for Sunday brunch.

This edition provides an 'at a glance' guide to nightlife, including clubs, comedy nights and live music venues. It also gives insider tips on places to visit, trips by train, and information about the UNESCO World Heritage treasures within the Grand Duchy.

Our family guides will help you understand the various school options and suggest ideas of fun things to do with your children, such as family walking trails.

We could not squeeze everything into one magazine, so for more articles about every aspect of life in Luxembourg, visit the Expat Hub section of the Luxembourg Times website, which has pages on all of the areas mentioned above and much more.

For the latest news from Luxembourg, Europe and around the world you can download the Luxembourg Times app, visit us online or via your favourite social media platform.

AMERICAN CHAMBER OF COMMERCE IN LUXEMBOURG A.S.B.L.

The American Chamber of Commerce in Luxembourg, (AMCHAM.lu), is Luxembourg's largest private Chamber of Commerce. We hold the US Chamber of Commerce's franchise to be their affiliate in Luxembourg (think of us as being like a McDonald's hamburger restaurant franchise!). We are an active member of the Federation of American Chambers of Commerce in Europe (which gives us a pan European network of partner organizations). At the same time, we are a local Luxembourg non-profit organization led by a local board of Directors chosen from among our Luxembourg Charter members.

We exist to provide the following four services:

1. Networking in English
2. Information about how Luxembourg works
3. Problem-solving (when our members see a need for improvements in local practices and policies)
4. Communication and advocacy with government decision-makers to ensure the needs of our members are given appropriate consideration.

We provide these services through 17 committees, digital webinars, a weekly digital newsletter, Social media, our www.amcham.lu website, our comprehensive **Doing Business in Luxembourg** book (now in its 4th edition), monthly ABAL lunches, evening cocktail seminars, large social events (like Thanksgiving and Christmas dinners, Summer BBQ, Carnival party, New Year's Reception...), and most recently, Saturday Newcomer orientation courses. Communication is critical to us, and we couldn't do it without the help of great partners like the Luxembourg Times.

Our membership includes a significant number of Luxembourg's most successful and respected companies. We are very proud to be a multi-national melting pot organization with 30% companies of US origin, 20% companies of Luxembourg Heritage and with the remaining 50% being companies from all over the world. We accept and welcome members with all passports and are fully committed to treating all members equally and always providing the highest quality services and support. Please contact **info@amcham.lu** to discuss joining our family of great members!

ESSENTIALS

NEWCOMER'S GUIDE

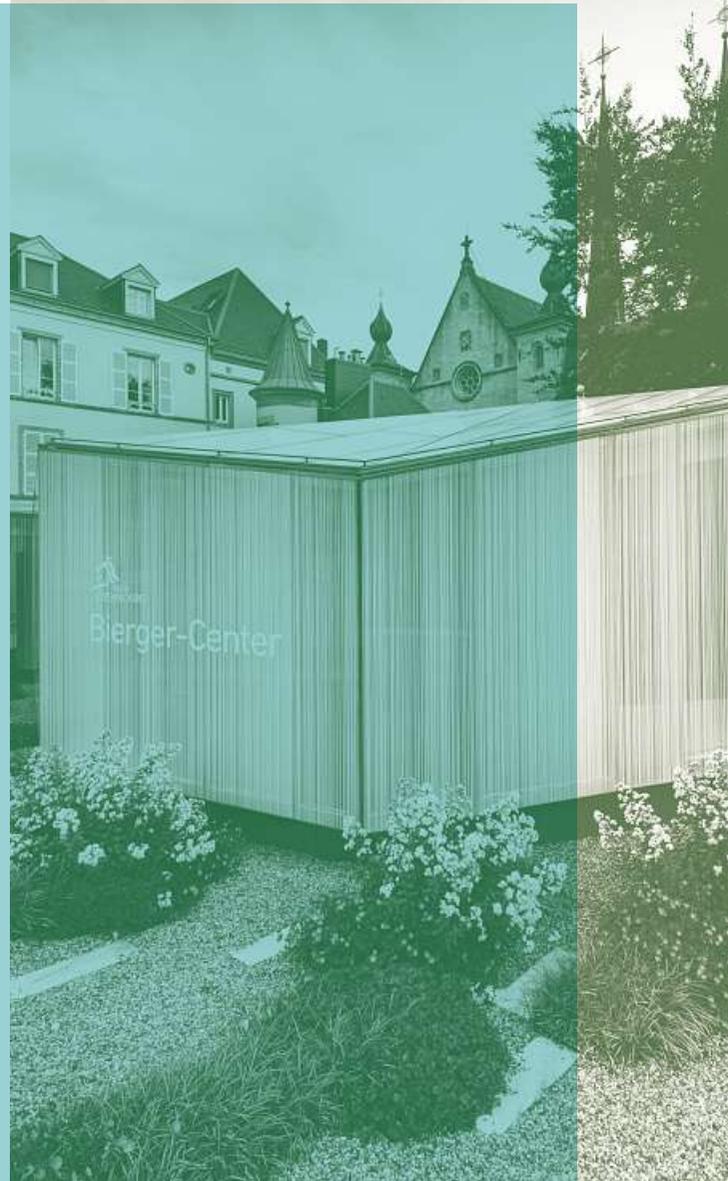

Our newcomer's guide is designed to give you a toolkit of essential information to help your first few months go smoothly.

We'll take you step-by-step through everything you need to do when you arrive, including registering your residency and driving licence. We even cover how you apply for a visa and work permit before you set off. Other essential information includes opening a bank account, and an overview of the public transport system, which is free in Luxembourg.

Moving can be daunting, but our guide will help you set up home with information on finding accommodation, setting up utilities, and getting a mobile, in an easy-to-digest, bite-size format.

There is also a section on meeting people, although we recommend you look at the *Leisure* section of this magazine for inspiration on nightlife, restaurants, theatre, walking trails, museums, and galleries, joining a gym or yoga class, and day trips inside Luxembourg or in the Greater Region.

Each page has useful website and contact details where you can find more information or download relevant forms, and a QR code to a longer article in the *Luxembourg Times* where you will find more details.

WHAT TO DO IN AN EMERGENCY

We hope you won't need to call emergency services, but in case you do, our newcomer's guide gives you details on when to dial 112. We also take you through how to register with a doctor or dentist.

Our **battery cubes** are free of charge and on request available at all **resource centres** and at the **SDK Mobile Collection**.

WORK PERMIT, VISA AND AUTHORISATION TO STAY

EU citizens can live and work in Luxembourg without a visa, whilst third country nationals must apply for a work permit, an authorisation to stay, and possibly a visa.

EU 27 CITIZENS

You will need proof of employment, self-employment, or registration at an educational institution, or that you have the financial means to support yourself. This includes any family members with you such as your spouse, partner, children, or parents.

THIRD COUNTRY NATIONALS

WORK PERMIT

Your employer will need to show that your job was available via Luxembourg's employment agency ADEM for three weeks and could not be filled by an EU applicant. They are then allowed to hire a third country national.

You, or your employer must submit your work permit application, signed, dated, and stating a start date.

Your application should also include:

- A copy of all the pages of your passport.
- A CV.
- A copy of your professional qualifications.
- A copy of your employment contract.
- The original certificate from ADEM granting your employer the right to hire a third country national.

All documents must be in English, German, or French or translated by a sworn translator.

It can take up to 3 months to receive a permit, and your employer must keep a copy of it. They should also notify the Ministry of Foreign and European Affairs at least three working days before you are due to start your job.

AUTHORISATION TO STAY

All third country nationals must apply for a temporary authorisation to stay, lasting 90 days. Documents should be submitted directly to the Immigration Directorate or the Luxembourgish embassy or consular in your home country.

Your application should include:

- A copy of all the pages of your passport.
- An extract of your criminal records in your country of residence.
- A CV.
- A copy of your professional qualifications.
- A copy of your employment contract signed and dated by both parties.
- The original certificate from ADEM granting your employer the right to hire a third country national.

The process can take 2-3 months. When you arrive, you can apply for a visa or if, for example, you are married to an EU national, you must register your residency and arrival at your local municipality or the Bierger Center.

TYPE D VISA

To apply you will need to fill out the visa application form and include 2 recent identical ID photos, and submit it with your temporary authorisation to stay and your passport. You will get a stamp or vignette which will be valid for a period of 90 days to one year. Visa applications take 1-4 weeks.

OPENING A BANK ACCOUNT

Access to your money, debit and credit cards, will be a priority when you arrive in Luxembourg.

WHAT DO I NEED TO OPEN AN ACCOUNT?

- A valid ID such as a passport or EU driving licence.
- Proof of address such as a housing contract or residency certificate (which your local municipality can issue). You can provide proof of address for a neighbouring country.
- A copy of your employment contract or letter of employment.

PACKAGES AND CHARGES

Banks offer different levels of support which can include statements, access, transactions, online and e-banking, credit cards, and access to loans, insurance, investment and securities accounts.

CHECK:

- Banking fees.
- Credit and debit card limits.
- Limit to the number of transactions you can make per month.
- Charges for using other banks' ATMs.

WHAT YOU GET

- Access to the Visa debit system used across Europe for cash withdrawal and payment (including contactless) in shops and restaurants.
- You can apply for a credit card – Visa or Mastercard.
- Online banking and mobile apps.
- A LuxTrust token (some banks) which you can also use on the government portal Guichet.lu.

FINDING A TEMPORARY HOME

Do you need temporary accommodation for a few weeks or months when you first arrive?

ON A SHOESTRING

If you are only staying a few nights, the city's youth hostel has a bed (including bedsheets) with ensuite bathroom for €37 without membership. If you want to stay somewhere for free, try couchsurfing.com for a night on someone's sofa.

- 📄 <https://youthhostels.lu/en>
- 📄 www.couchsurfing.com

ALL THE COMFORTS OF HOME

Airbnb, or apartments and rooms offered bed and breakfast style are ideal for a short stay of a few days or weeks. You can find them for as little as €55 a night for a room and €150 for a two-bedroom apartment.

- 📄 www.airbnb.com
- 📄 www.bedandbreakfast.eu

INDEPENDENCE

Aparthotels are ideal if you want to rent for a few months, and need some kitchen facilities. Most come with basic furniture, a TV and internet, and have cleaning services. City locations include designer apartments at The Central and duplexes at Empire Hotel. For Kirchberg, and the EU and financial institutions, try Smart Aparthotel, you'll get villas at The Queen, serviced apartments at MG Hotels, and designer furniture and artwork at Cab Ap'art.

SHORT-TERM LETS

If you need accommodation for a few months, then short-term lets and furnished rooms start from €800 a month. Furnished.lu and Vauban & Fort offer furnished rooms from 15 days to one year, with an all-inclusive rent that covers the cost of utilities, internet, and insurance. Most give you access to a kitchen, laundry facilities, and rooms have an LCD TV.

Online estate agents AtHome and FMI list furnished apartments, whilst Luxfriends and Appartager have house and flat shares.

CONNECT YOUR UTILITIES

If you're moving to a long-term rental or have bought a home, you'll need to get your utilities connected and organise waste disposal.

EASY OPTION

If tenants are moving out, you can ask them or the landlord to switch the utilities into your name. You just need to provide meter readings on moving day.

GAS & ELECTRICITY

Enovos is the main supplier for gas and electricity but there are also regional suppliers. Use the Calculix price comparison calculator to review your best options. Standard electrical sockets are 220 volts AC and use the European two-pin plug.

MAZOUT OIL

In rural areas mazout oil is used for heating. There are several suppliers so search for a local one. Check the level of your tank regularly, and fill it when it is close to empty as the price per litre decreases the more litres you order in one go. Don't let it run dry as this will damage the heating system.

WATER

Water is supplied by your municipality via the *Services des Eaux*. You will be charged on a quarterly basis together with your waste disposal. If you live in the city, you can register a new connection, via the *Ville de Luxembourg (VdL)*.

WASTE DISPOSAL

You can order bins from your local municipality or the VdL. The black bin is for general waste, the blue bin for paper, whilst the yellow bin (or green bin in the city) is for glass. Green bins not used for glass, can be used for organic and garden waste including grass cuttings.

Costs are billed quarterly and will depend on the frequency your bin is emptied and the weight of its contents.

Valorlux collect recyclable waste such as plastic bottles, yoghurt pots, cat food trays, jar lids and cans in blue or green recycling bags. You can order these for free from their website or collect a roll of bags from your municipality.

The timetable for all bin and bag collections is provided by your local municipality or the VdL.

- 📱 <https://www.valorlux.lu/en>

RECYCLING

In addition to kerbside recycling, there are centres located across Luxembourg where you can dispose of bigger items and electrical goods and paint tins. Kerbside pick up can be organised for big items such as beds or sofas. Supermarkets and petrol stations also have recycling facilities, including ones for textile waste.

- 📱 www.ecotrel.lu/en/citizen

INTERNET

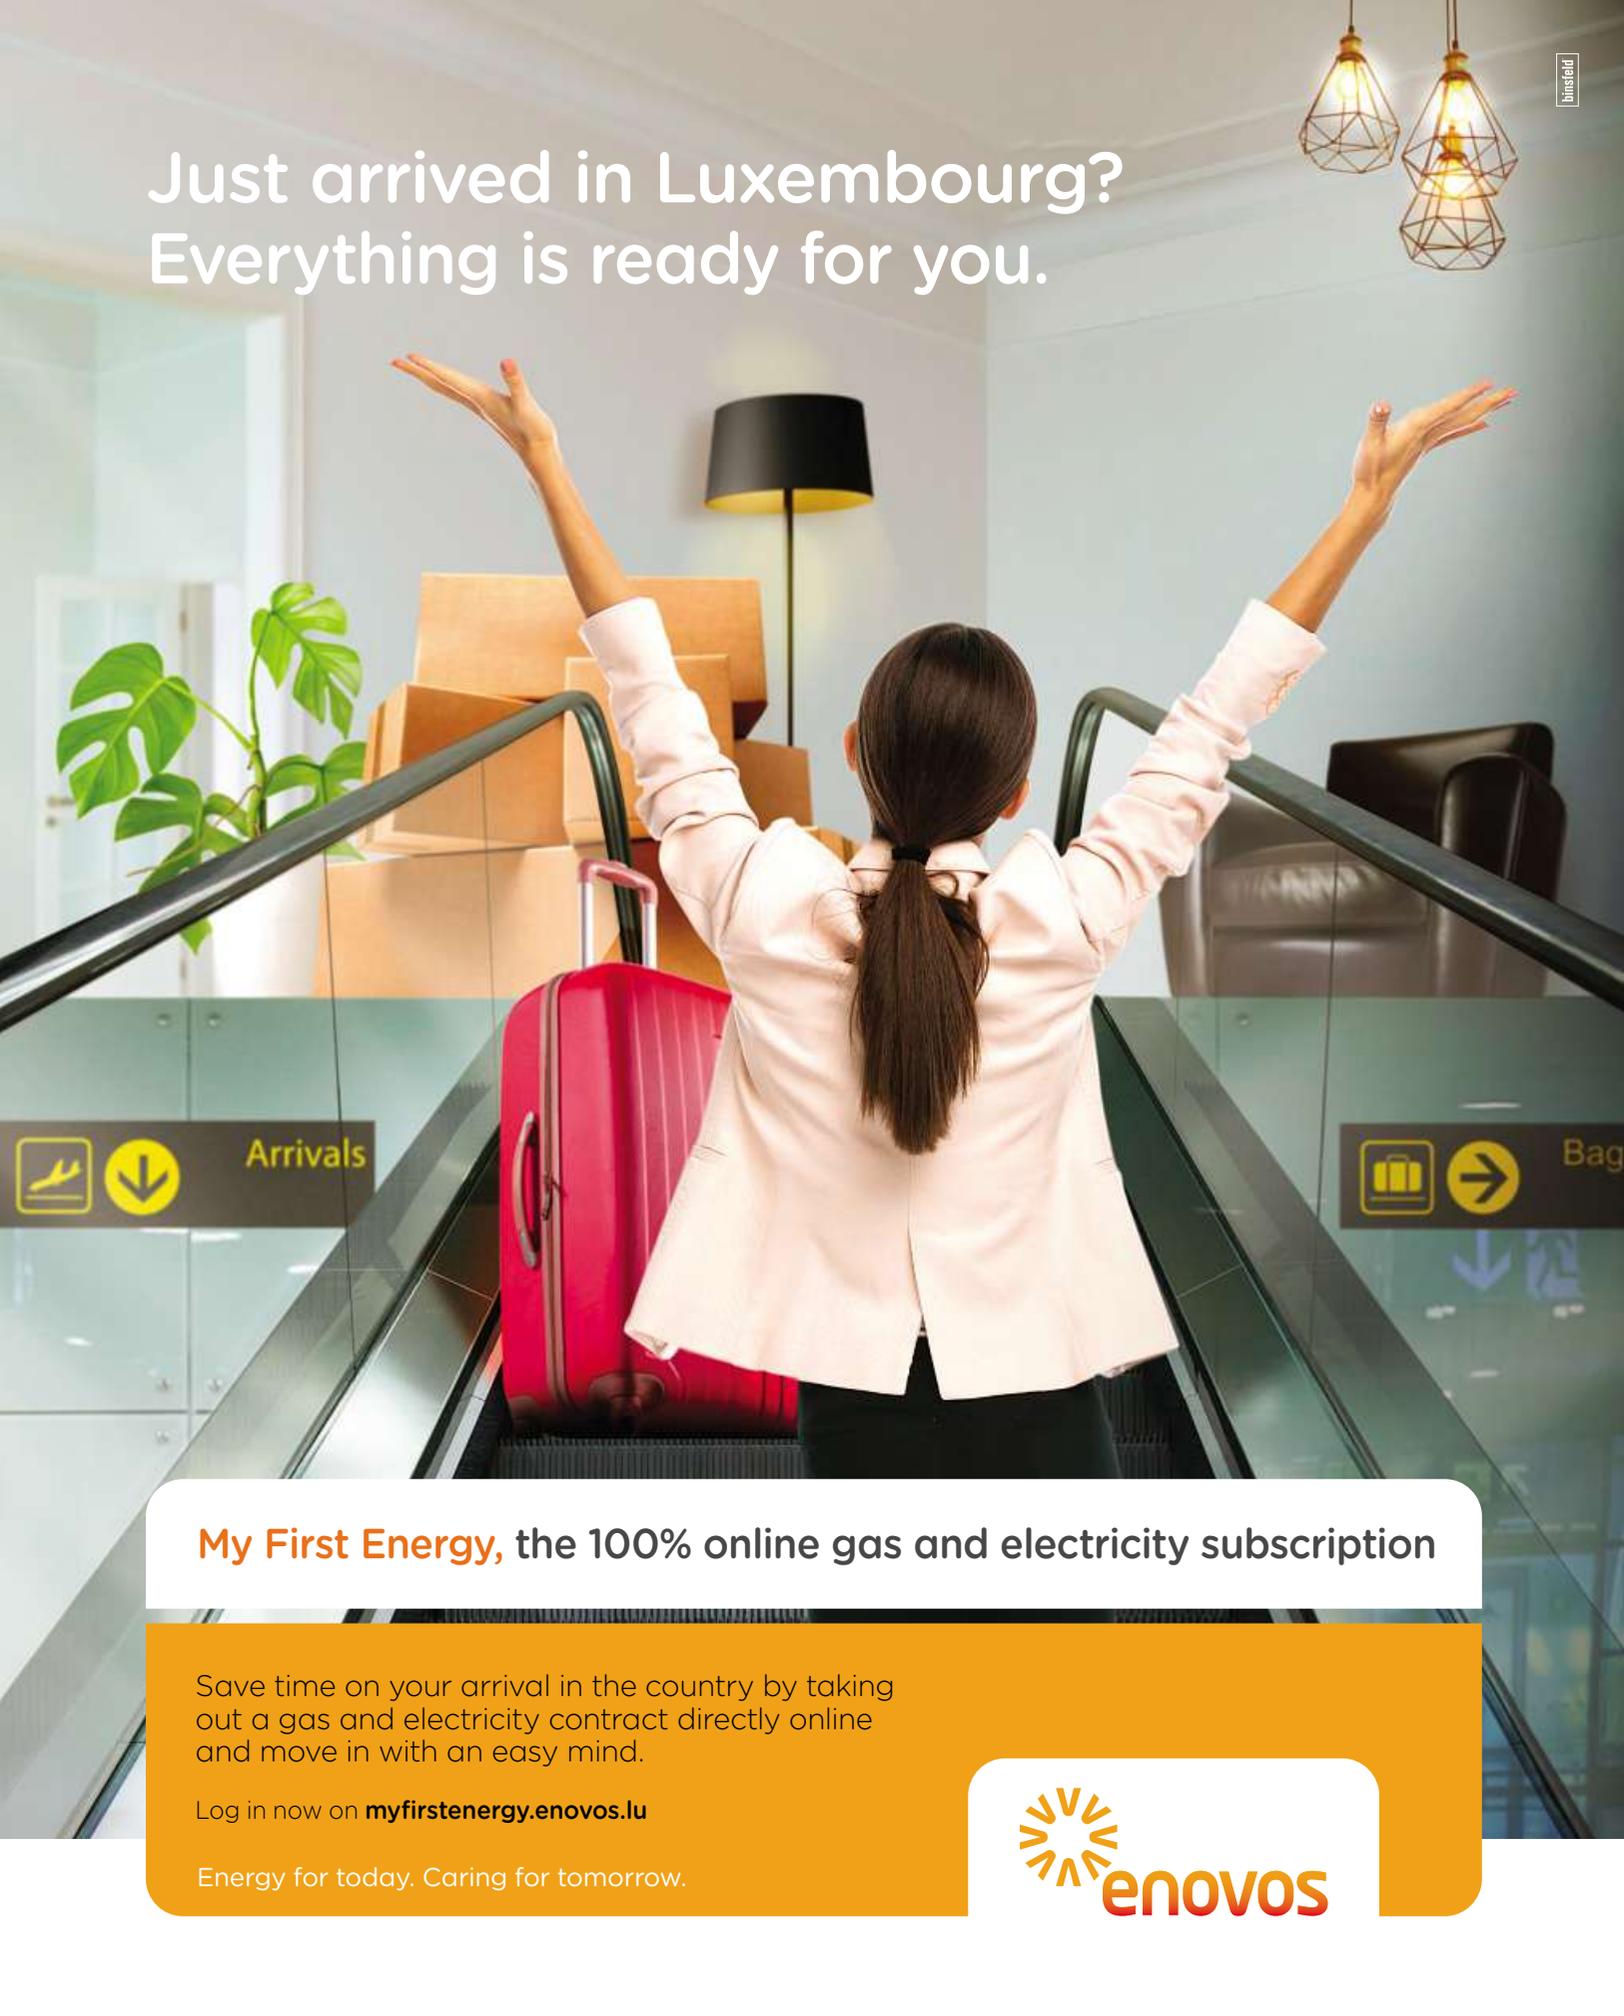

There are numerous providers although Post Luxembourg is the national carrier. Most offer monthly packages and some bundles of TV, landline, mobile and internet. Choose carefully, as disconnecting and reconnecting a change of supplier can be costly.

GETTING A MOBILE

Will your mobile operate in Luxembourg and how can you get a local number?

Luxembourg has 4G, 4G+ and 5G connectivity, and free Wi-Fi is available in the city via www.citywifi.lu.

Mobile numbers have nine digits starting with six, so Post is 621, Tango is 691 and so on. If you're using a phone from another country, don't forget to affix +352, the country code, when you are dialling a local number.

GETTING A PRE-PAID SIM

You need to be registered as a resident to get a mobile contract, but not if you buy a pre-paid SIM card. You can use this if you already have a phone but want a local number. You can buy them online, at shops, and the airport, but you must show a form of ID. Once activated, you can top up online, at Kiosk shops, supermarkets or via your phone.

GETTING A SIM/PHONE PACKAGE

WHAT YOU NEED

- Proof of residence.
- Luxembourg bank account IBAN.
- Valid ID.

Mobile operators offer monthly SIM plans including basic packages for as little as €3 per month for a set number of calls, texts, and data. You can include a smartphone, and a signed contract usually lasts 12-24 months.

Most operators charge a monthly standard rate which you pay by direct debit. You can compare mobile and internet packages on

WHAT TO DO IN AN EMERGENCY

Ambulance, medical emergency, fire, car accident, gas leak, or sick pet – when should you call 112?

WHEN SHOULD YOU CALL 112?

- Accident at home, work or on the road if someone is injured.
- Medical emergency, including poisoning.
- Fire or flood.
- Following an attack (human or animal) in which you or someone else is wounded.
- Pollution.

If you are in a road accident and no one is injured call the police on 113

HOW DOES IT WORK?

You can call 112 for free 24 hours a day 7 days a week. Most operators speak English but speak clearly as they will not be native speakers.

TELL THE OPERATOR:

- Where the incident is, so be precise on location for help to come quickly.
- Your name.
- Details about what has happened, answering specific questions for appropriate help to be sent, such as the number of people involved, and the nature of the emergency.
- Stay on the phone and follow instructions carefully until the operator hangs up.
- Stay with a victim and apply first aid if possible.

you provide on the call. The SAMU may come by car or helicopter depending on how fast the operator thinks help needs to arrive.

ONLINE EMERGENCY SUPPORT

The emergency services receive in excess of 200 calls a day, so only call if it is an emergency. You can visit this website

 <https://112.public.lu/fr/urgences/numerousutilet-gardes.html> for:

- Duty hospitals.
- On-call medical centres.
- On-call dentists.
- Paediatric consultations outside doctor's office hours.
- Duty pharmacies.
- On-call ophthalmologists.
- Duty vets.

AMBULANCE SERVICES

The 112 operators will decide if you need the SAMU (*Service d'Aide Médicale Urgente*) and send a medic and nurse additionally depending on the symptoms and information

FINDING A DOCTOR, DENTIST OR SPECIALIST

Here's how to register with a doctor, find a dentist or medical specialist such as physiotherapist or gynaecologist.

SEARCH FOR THEM

🖥️ www.doctena.lu

Search by location, profession or specialism and by language. Book an appointment online or call for one.

VISITING A DENTIST

Make sure a dentist is registered with the *Caisse de Maladie* for reimbursement by the CNS.

Major dental work requires pre-approval from the CNS or a private insurer.

SPECIALISTS

Make sure the specialist is registered with the CNS. Some specialists such as some psychologists are not covered by the CNS.

REGISTERING WITH A DOCTOR

Bring your 13 digit ID and social security number.

Bring medical records and vaccination cards (for children) if you have them.

Fill out a doctor's form on general state of health, ongoing conditions, and medicine you take.

Doctors are responsible for long-term care of chronic conditions.

Pay after appointment and keep receipt for reimbursement by the *Caisse Nationale de Santé* (CNS).

REGISTERING OR EXCHANGING A DRIVING LICENCE

Even if you have come to Luxembourg from an EU/EEA country, you may need to exchange your driving licence. All licences are issued by the *Société Nationale de Circulation Automobile*.

IF YOU HAVE AN EU/EEA LICENCE

It is optional, but advised to register your licence with the SNCA as it makes it easier to get a duplicate if lost or stolen. Otherwise, you will need a certificate of authenticity from the country that issued your licence stating the validity and vehicle categories.

Registration is free, you just need to fill out a form and attach a copy of both sides of your licence plus a copy of a valid ID. You can post it or take the form in person to the SNCA office at Sandweiler or the Guichet reception in the city, at 11 rue Notre Dame.

If you commit a driving offence resulting in points or the restriction, cancellation, or suspension of your licence you will need to exchange it. To do this you fill out a form and attach a recent photo measuring 45 x 35mm, together with a copy of your ID and both sides of your current licence, and a criminal extract record that is less than three months old which you can order from MyGuichet. The fee to exchange your licence is €30, and you surrender your original licence when you collect the new one.

ALL OTHER LICENCES

If you come from a country outside the EU/EEA, including the UK, you must convert your license to a Lux-

embourgish one within a year of residence in the country. You can apply as soon as you arrive, but it will only be converted once you have been resident for 185 days. You can continue to drive using your foreign licence for up to one year.

If you don't convert your licence within a year, you will have to pass a driving test (practical and theory), and your foreign licence will cease to be valid.

To convert it, fill in a form and submit it with a recent photo 45 x 35mm, a medical certificate from your GP, and criminal record extracts from Luxembourg and your home country (which are less than 3 months old).

You will also need to submit a copy of your ID and both sides of your existing licence. The fee is €30 and you surrender your foreign licence when you collect the new one.

A GUIDE TO RENTING

Our at-a-glance guide to finding the right home and signing a longer-term rental contract.

WHICH LOCATION?

- The average monthly rental cost in the city for a one-bedroom apartment is €1,600 and for a three-bedroom dwelling it's €4,000.
- Rush hour can make short journeys considerably longer, so factor in your work or children's school location.
- Will you rely on public or school transport? Check the nearest bus stop, train, or tram station, and if there is a supermarket nearby.

FINDING A PLACE

- Start searching 2-3 months before you plan to move.
- Register with local estate agents in your preferred location.
- Search online using aggregator sites.
- Check social media groups or noticeboards at work.

ADDITIONAL COSTS

- Agency fees are usually one month's rent plus VAT.
- The deposit is usually three months' rent.
- Check if the contract includes gas, electricity, and internet (sometimes).
- You will usually have to pay for water and waste collection with your municipality.
- General maintenance such as an annual boiler or heating system service, cutting garden hedges.
- Most properties come unfurnished with no lights or curtains, so budget for home furnishings.

INSURANCE

You are required to take household and fire insurance to cover the building and contents insurance for the cost of an equipped kitchen and the bathrooms.

GIVING NOTICE

Notice must be given at least 3 months before the end of the contract in writing and sent by registered post by either the landlord or tenant.

RENTAL TERMS

CONTRAT DE BAIL À LOYER

The contract, is usually 1-2 years. Make sure it contains a clause that the landlord must repair or replace essential items such as heating systems, the dishwasher, and oven, within a time limit.

DÉPÔT DE GARANTIE

Your deposit is usually a bank guarantee where money is held in an account that needs authorisation from both parties to be released. Half your deposit must be refunded within a month of you vacating a property, with the remainder paid after the annual account settlement for common charges.

ÉTAT DES LIEUX

The inventory is a signed record of the condition of the rental property taken room by room, which notes any damage. Check all kitchen appliances, showers and the heating works, and the state of the wall and floor decoration. You sign it again on the day you move out to release your deposit.

WHICH TYPES OF INSURANCE ARE REQUIRED IN LUXEMBOURG?

Although many types of insurance are essential, not all of them are required. Find out what is required, necessary or simply useful.

TYPES OF INSURANCE THAT ARE LEGALLY REQUIRED IN LUXEMBOURG

MOTOR LIABILITY INSURANCE

Motor liability insurance for cars and motorcycles is part of the civil liability insurance that is legally required in Luxembourg. This requirement applies to all motor vehicles, as well as caravans and trailers. Civil liability insurance only covers damage that you may cause to third parties. For example, if you hit another vehicle, this insurance will compensate personal injury and material damage with respect to the victim as well as the passengers in your own vehicle.

PROFESSIONAL LIABILITY INSURANCE

Some professions are required to have specific insurance for their contractual liability, such as doctors, architects, travel agents, real-estate agents and lawyers. The professional liability insurance covers material or immaterial damage or body injury resulting from negligence, error or omission by self-employed workers or company workers.

SPECIFIC LIABILITY INSURANCE

Hunting requires you to take out specific liability insurance. Without insurance, you will not be able to obtain your hunting licence. Owners of all types of boats

(sail boats, catamarans, motorboats, etc.) are also required to have specific liability insurance for their vessels.

TYPES OF INSURANCE THAT ARE CONTRACTUALLY REQUIRED

FIRE INSURANCE

There is no legal requirement to take out fire insurance, but you may be required to do so under a contract or lease. This is one of the clauses in mortgage loans. Banks want to make sure the property they're financing is insured.

COMPREHENSIVE INSURANCE

Full or partial comprehensive insurance is not normally required, but it may be required by the lender who finances your car.

OPTIONAL INSURANCE PRIVATE LIABILITY INSURANCE

Private liability insurance is not required in Luxembourg unless you own a dog. However, it would be very unwise not to have it. It covers so many situations, e.g. if your child's ball breaks the neighbour's window or someone falls on the icy pavement in front of your house.

PERSONAL ACCIDENTS COVER

Your child trips and falls at home, you are injured playing a new sport or slip on a wet floor inside a shop, all of these events are covered by the personal accident insurance. This optional insurance quickly becomes indispensable to be protected outside the workplace and excluding travel by car. In addition, personal accident insurance covers all the members of your household.

HEALTH INSURANCE AND SUPPLEMENTARY HEALTH INSURANCE

As a worker in Luxembourg, you are automatically covered by the Caisse Nationale de Santé (CNS - national health service). This does not fully protect you, however, as the CNS only reimburses around 88% of healthcare expenses for adults. Supplementary health insurance is a good idea if you want better reimbursement.

Discover our complete range of insurance products that can ensure you are protected and make your daily life easier.

FURNISHING YOUR HOME

Need to kit out your new home? This list has somewhere to suit every budget.

GETTING A CAR

The steps to take if you want to buy or lease a car.

WAIT FOR AUTOFESTIVAL

Each year in late January and early February this car festival sees **170 showrooms** offer big dealership discounts. A third of car sales contracts are signed at the festival. If you want something second-hand, the **Auto Occasions Festival** is held in May.

CHECKLIST FOR BUYING A CAR

- Fix a budget and remember electric cars and vans get a government subsidy of up to €8,000.
- List your car criteria in order of importance – make, model, fuel consumption, size, essential equipment, and main use such as commuting or family travel.
- Test drive more than one car on a route you drive regularly to try out road holding, manoeuvrability, acceleration, and comfort.

FINANCING

You can pay outright, or opt for monthly payments either through a car loan or by leasing directly from the dealer. Car loans generally have more favourable rates than other personal loans because the vehicle acts as a guarantee.

Banks provide online calculators so you can work out the monthly payments over a certain time period. Some car dealers offer 0% interest loans, but check that this will not negate other discounts on offer.

Some companies offer their employees' discounts with specific dealers who run the company's car fleet, and if you work for an EU institution you can benefit from a VAT (value added tax) exemption if you buy a car above the VAT threshold.

BUYING SECOND-HAND

- Cars are commonly sold at 6 years, after which they will need an annual technical inspection.
- Check a vehicle's maintenance and service record to see if it has had regular oil and filter changes.
- Inspect exterior paintwork, windows, windscreen, tyres and wipers and the air conditioning. Cars that have been idle on dealer forecourts may need a recharge of the AC unit.
- When you test drive, listen to the engine, and check the gears and brakes. Look for exhaust emissions as a car can fail its technical inspection on this.
- Call the ACL (*Automobile Club Luxembourg*) to give the car a check before buying.

PAPERWORK

You will need to register the car in your name at one of the SNCA offices. You fill out a form applying for registration and bring the following documents:

- A bill of sale.
- Proof of valid insurance.
- The registration certificate Parts 1 and 2, given to you by the owner.
- A valid road worthiness technical inspection certificate.
- The European certificate of conformity.

You will be issued with temporary road tax valid for 30 days, during which time you can pay for 6 or 12 months of road tax.

If you buy a car from Germany, France, or Belgium, you will need to register it and get Luxembourgish licence plates.

HOSPITALS & HEALTHCARE

A guide to hospitals including A&E, surgery and other patient treatment in Luxembourg.

WHO IS ENTITLED TO HOSPITAL TREATMENT?

All residents of Luxembourg are entitled to emergency healthcare. Non-emergency care is covered by the National Health Fund known as the *Caisse Nationale de Santé* (CNS), if you or your partner/spouse pay social security contributions.

A&E

Go directly to the *Cas d'urgence* or emergency department at a hospital with your ID, social security card, private health insurance or European Health Insurance Card. Payment for treatment may be requested on site, or invoiced later, so keep receipts for reimbursement.

GENERAL ADMISSION

You usually need a referral from your doctor or a medical specialist to be admitted to hospital. The speed of treatment in Luxembourg is very favourable compared to other EU countries.

INPATIENT/OUTPATIENT

The CNS covers both types of treatment. For inpatient treatment you will generally share a room with 1-2 other people, or pay extra for a private room (sometimes covered by private insurance).

REIMBURSEMENT

The CNS reimburses 80-100% of treatment, medical care, medication, tests, travel costs and medical devices or aids, plus rehabilitation costs. This includes maternity care.

The government health portal provides advice on illness prevention, how to get reimbursed for health expenditure, and has articles, publications and legislation relating to healthcare matters.

HOW THE CNS WORKS

If you live in Luxembourg and pay social security contributions, you are entitled to healthcare benefits. We guide you through who and what is covered, and how to claim medical costs.

ACRONYMS

CCSS or *Centre Commun de la Sécurité Sociale* is the Joint Centre for Social Security. You will pay a certain amount of your monthly salary to the CCSS.

CNS or *Caisse Nationale de Santé* is the National Health Fund which pays for or reimburses medical costs.

HOW TO GET CNS HEALTHCARE

Your employer will declare your job and salary to the CCSS and you will receive a letter confirming you are part of the social security system. If you are self-employed you must register with the CCSS. Once registered, you receive a social security card that covers you for sickness, maternity, work-related accidents or illnesses, an old age pension, disability, and long-term care.

There are exceptions, which include employees at the European Union institutions or at the NATO Support and Procurement Agency, who do not join the CNS or pay contributions, but have separate cover. This also includes employees on secondment with an international company who usually have private medical cover.

ARE FAMILY MEMBERS COVERED?

Children or minors under 30 years who live in Luxembourg can be co-insured by a parent. Spouses and civil partners will also be covered if they are not working or covered by another scheme. In the latter case, children will join the CNS with the parent who pays social security.

HOW THE SYSTEM WORKS

In most cases, such as a visit to the doctor or dentist, you pay the costs upfront and send the original receipted invoice to the CNS, checking your social security number is on it (*if not, write it on*).

The first time you do this, you must include a *Relevé d'Identité Bancaire* or RIB, which you can download from your bank online. If you pay by bank transfer after treatment, remember to include a copy of proof of payment. Keep a copy of the original invoice in case you need to query payment.

Send paid invoices to:
CNS Reimbursements
L-2980
No stamp is required.

Some costs are settled directly, and you will only be asked to pay your contribution. This is the case with pharmacies and blood test laboratories. Some specialists and GPs now only charge you the additional costs not covered by the CNS.

HOSPITAL COSTS

Costs such as beds are paid for directly by the CNS, but anyone aged 18 years or more will be asked to pay a participation cost of between €11.84 and €23.68 per day depending on if you are a day care or inpatient. Maternity and psychiatric treatment have different rules.

Hospital doctors or specialists will issue an invoice which you pay upfront and then request reimbursement.

DOCTORS AND DENTISTS

Dental care of up to €60 per calendar year is covered, after which procedures are reimbursed at different rates and tariffs. Dentists must inform you in writing of the cost of treatment in advance, but they can set their own fee. Check-ups, tartar removal, cavities, root canal work and surgical extraction of a tooth are covered by up to 88% of treatment at a standard rate.

Orthodontic treatment including braces is covered to a standard rate for patients less than 17 years old with prior consent from the CNS. You will be informed of the amount to be reimbursed when you submit the dentist's estimate of costs. False teeth are covered between 80-100%.

PRESCRIPTIONS

You must have a prescription for medication to be reimbursed. Treatment should be on the CNS list, and if it is not the pharmacist will usually explain this and the cost before you purchase any medication.

SPECIALIST CARE

Your doctor can issue a prescription for certain treatment such as physiotherapy, speech therapy, or pre-diabetic dietician support. Any medical professional you see must be registered with the CNS, including paediatricians, gynaecologists, and psychiatrists.

INCAPACITY TO WORK

Your employer must pay you during sick leave or following an occupational accident or illness until the month in which you take your 77th day of sick leave. After that, the CNS will continue to pay benefits for a total of 78

weeks. Medical certificates must be sent before the third day of sick leave to the Department of Financial Compensation Payment (*Services Gestion des Indemnités Pécuniaires, L-2979*).

MATERNITY

To be entitled to paid maternity leave you must have completed six months of work in the 12 months preceding your leave. You will get pre-natal leave of 8 weeks and post-natal leave of 12 weeks, or a total of 20 weeks. Spouses and civil partners are entitled to paternity leave.

To request maternity payment, you must submit a medical certificate in the last 12 weeks of your pregnancy indicating your due date to the Department of Financial Compensation Payment.

Family benefits include a birth allowance, a monthly child allowance, and access to parental leave for children aged 12 years or less.

WHAT INSURANCE COVER MUST YOU GET?

Certain insurance is mandatory in Luxembourg, but you can also opt for additional cover.

CAR INSURANCE

- **RESPONSABILITÉ CIVILE** is mandatory. It covers damage to a third party.
- **TIERS PERSONNES** covers third party and fire and theft.
- **TOUS RISQUES OR CASCO** is fully comprehensive cover.

Proof of a No Claims Bonus (up to 13 years) will result in a significant reduction to premiums.

HEALTH INSURANCE

- If you pay social security contributions then you are entitled to CNS medical cover.
- Your social security card doubles as your European Health Insurance Card.
- Non-working foreign residents need proof of private health cover to obtain a residence permit.
- Third country nationals including students will need private health insurance to get a visa.
- EU institution workers receive healthcare insurance as part of their remuneration package.
- Pet insurance is not compulsory and only AXA provides cover in Luxembourg.

HOME INSURANCE

- Buildings insurance is not a legal requirement but is mandatory for most banks to provide a mortgage loan.
- Buildings cover should include kitchen units, integral appliances and sanitaryware.
- Contents covers your furniture, clothing, and other household appliances such as a TV.

Check if your apartment rental includes buildings cover in the service charges.

INSURANCES IN LUXEMBOURG: WHAT YOU NEED TO KNOW.

You are new in Luxembourg and need to buy out an insurance for your car or your home? Here are some differences that may be puzzling at first.

CAR INSURANCES ARE MORE EXPENSIVE, BUT THERE'S NO ALLOWANCE

Car insurances are more expensive due to the country size, which is smaller, but they offer a better cover especially if you have an all-risks insurance (called Casco). Moreover, you don't have to pay a car allowance(-franchise) on top in case of an accident.

There are other peculiarities: for example, the driver is not automatically insured. It is an option called the "protected driver cover" (conducteur protégé): it covers the driver in case of physical injuries. Make sure to check with your insurer you're properly insured.

HOME INSURANCE: GUARANTEES NOT TO BE OVERLOOKED

Traditionally, some guarantees are not included in the standard package of a home insurance.

As an example, the third-party liability (or responsabilité civile-RC), which covers you in the event of damage caused to others, is an option.

You should think about it, especially if you have kids or drive a bike. You can subscribe it individually or add it to your home insurance policy.

One other major guarantee to consider is the flood cover, which is also optional; if your contract does not comprise this cover, you will not be reimbursed.

You can also include in your contract a bunch of useful options to cover goods on the move (like leisure goods and telephone). Check with your agent to have the insurance tailored to your needs.

Did you know? Some insurance premiums are tax-deductible and allow you to reduce the amount of tax you pay.

A LOT OF INSURANCE PREMIUMS ARE TAX DEDUCTIBLE

Some insurance premiums are tax deductible according to articles 111

LIR and 111Bis LIR.; these premiums are called "special expenses". You can deduct the third-party liability insurance (responsabilité civile) and premiums on your life insurance contracts from €672 depending on whether you're single or not and if you have children or not. If you buy a house and contract a mortgage with outstanding balance insurance (solde restant dû) that you pay in a lump sum you can deduct from €6,000 depending on your age and your marital status.

Finally, did you know that you can build up capital for your retirement while taking advantage of tax deductions each year? With a pension policy, you have the opportunity to grow your retirement savings or generate additional income while deducting up to a maximum of €3,000 annually.

GETTING A PET

Everything you need to know about bringing your pet to Luxembourg or getting one when you arrive.

REGISTERING YOUR DOG OR CAT

- Dogs must be registered and microchipped within one month of adoption.
- Registered vets can microchip and vaccinate against rabies.
- You must register your dog at your local municipality offices. You will need a vet's certificate stating the breed, proof of vaccination against rabies, and liability insurance.
- Dog owners pay dog tax to the local municipality.
- Cats must be microchipped but not registered.
- Both cats and dogs should have a passport. Rescue shelters provide European pet passports upon adoption, which state the vaccinations the animal has had.

WHERE TO FIND BREEDERS

PEACE OF MIND *FOR PET OWNERS*

Luxembourg is a nation of animal lovers, with dogs and cats being especially popular pets. But what many new pet owners don't realise is exactly how much expense can be involved in looking after the health of their four-legged friend. AXA Luxembourg is on hand to help.

According to the Luxembourg Kennel Club (Fédération Cynologique Luxembourgeoise), there were some 83,000 dog owners in the grand duchy in 2022, while a study by the FEDIAF European Pet Food Industry estimates there are just over 69,000 domesticated cats in Luxembourg.

That is a lot of work for the 280 or so registered veterinarians in the country. And visits to the vet, be it for regular treatments or emergencies, come at a price for pet owners.

COSTS CAN MOUNT

Most dogs will require at least two annual trips to the

vet each year. And while these consultations cost a modest €35 to €45 each, any further intervention that is required to treat injury or sickness to a dog can soon see the bills mount up. Hopefully your pet will never need a life-saving emergency operation, but some orthopaedic surgery, such as hip replacement or cruciate ligament repair, is becoming increasingly common according to veterinarians. These can cost anything between €1,000 and €2,000, and that's without adding the cost of hospitalization and day care.

Cats are no exception. They require a series of vaccinations in their first year, and by law domestic cats must be castrated or sterilized, which again costs between €150 and €300. Cats that go outdoors are also territorial, which inevitably means they get into scrapes that can leave them with wounds and sores. And if they get struck by a vehicle, prosthetics can cost up to €2,000.

RANGE OF INSURANCE PLANS

Luckily, AXA Luxembourg has a range of insurance plans aimed at dog and cat owners that will cover or partially cover the costs of visits to the vet and of sur-

gery and hospitalisation, up to a total of €2,500 per year. For example, if you take out the "Easy" insurance contract, you will be reimbursed any costs for an intervention above €150. The "Easy Plus" formula covers the costs over €90 and the premium "Comfort" policy pays out anything over €30.

The insurance also covers the costs of vaccination and sterilisation if the pet is under two years old. And if your pet needs a CT scan, ultrasound, thermography or fibroscopy examination, or has to undergo radiotherapy or chemotherapy, the costs up to €100 will also be reimbursed.

The insurance policies are open to any pet registered in Luxembourg whose vaccination plan is up to date and that meets certain age requirements.

Peace of mind for pet owners has never been easier, allowing you to fully enjoy the companionship of your beloved cat or dog.

LUXEMBOURG TRADITIONS

Get to know Luxembourg through the Grand Duchy's unique traditions.

DRAÏKINNEKSDAG

When: 6 January

What: Celebrating the feast of the Epiphany with a frangi-pane-filled, paper crown-topped cake. If your slice contains the porcelain figurine known as the *fève*, you will be crowned king or queen for the day.

LIICHTMËSSDAG

When: 2 February

What: The children of Luxembourg take to the streets to celebrate Candlemas Day carrying lanterns or *Liichtebengelcher*, knocking on doors and singing *Léiwer Herrgottsbleischen*, in return for treats.

FUESENT

When: Candlemas until Ash Wednesday

What: Don fancy dress, feast on donuts and join the *Fuesgecken*, or Carnival revellers on parade or at a masked ball in one of Luxembourg's cities or towns. The Moselle town of Remich carries a straw man through the streets before setting him alight, whilst Diekirch has the largest Carnival cavalcade.

BUERGBRENNEN

When: First week-end of Lent

What: Bonfires are lit throughout Luxembourg to banish pesky winter spirits and welcome spring. Wooden crosses or castles are erected on pyres known as *buer-gen*. Children carry torches in a procession or *Fakelzuch*, and throw them to light the pyre.

BRETZELSONNDEG

When: Fourth Sunday of Lent

What: Men give their sweetheart a sugar and almond coated pretzel. If their love is requited they'll get a basket of eggs on Easter Sunday. On leap years the roles are reversed.

KLIBBEREN

When: Maundy Thursday to Easter Sunday

What: Legend says that Luxembourg's church bells fly to Rome on Maundy Thursday to confess their sins to the Pope. Without the bell chimes, children are called upon to break the silence using rattles – *Klibberen* roughly translates in "to go rattling".

MEEKRANZ

When: 1 May

What: Head out into the forests with your neighbours to make a traditional May wreath to hang on your door, from young branches. You can also sample *Maitrank*, a concoction of white wine and sweet woodruff.

OKTAV MARKET AND PROCESSION

When: Fifth Sunday after Easter

What: Head to the Oktav markets at Place Guillaume II or Place de la Constitution in the two weeks prior, or join the street procession which dates to the 17th century. Started by the Jesuit mission in Luxembourg, the statue of Our Lady, Mary, comforter of the afflicted, on display at the Notre Dame Cathedral, is carried through the streets.

NATIONAL DAY

When: 23 June

What: A 19th century tradition celebrating the Grand Duke's birthday, the first recorded torch-light procession took place in 1840. The date in June was made a statutory holiday in 1948, with a procession and street party on the eve of National Day, rounded off with a spectacular firework display.

The more ceremonial National Day sees the Grand Duke award honours to citizens, and is followed by a military parade, during which the national anthem *Ons Heemecht* is sung.

SPRANGPRESSESIOUN

When: Whit Tuesday

What: A UNESCO-recognised, ancient dancing pilgrimage to honour St Willibrord, who founded Echternach Abbey in the 7th century. Rows of six dancers hold each other by the tip of their handkerchiefs and move from left to right in a jumping movement, swinging their legs out, in a slow procession towards the saint's tomb.

SCHUEBERFOUER

When: 23 August to 11 September (2023)

What: A unique Luxembourgish celebration with a 680-year-old history, it began as a week-long market, started by John the Blind. The tradition turned into a cattle fair, and then a funfair, moving to Glacis. To open it, a shepherd herds sheep through the streets whilst musicians play the *Hämmelsmarsch* or Mutton March, and the funfair has thrill rides plus culinary specialities such as whitening fried in beer batter.

D'TRAULIICHT & TOUSSAINT

When: 31 October and 1 November

What: *D'Trauliicht Brennen* is an Ardennes tradition carried out on Halloween, where beets are carved with scary faces and lit inside with a candle. In times gone by, these lanterns were placed outside cowsheds and barns to prevent livestock getting illnesses brought by bad spirits, and on window ledges to protect the family from the souls of the dead.

Toussaint or All Saints is when Luxembourgers clean their ancestral tombs and put fresh flowers on graves.

KLEESERCHERSDAG

When: 6 December

What: On the eve of 6 December children put out their slippers in the hope of a reward from *Kleeschen*, also known as Saint Nicolas. He wears a red mitre, carries a staff, and is accompanied by a donkey and the mean *Houséker* who gives naughty children a flick of his switch made from branches. *Boxemännchen*, doughy gingerbread men, are traditionally eaten on 6 December for breakfast.

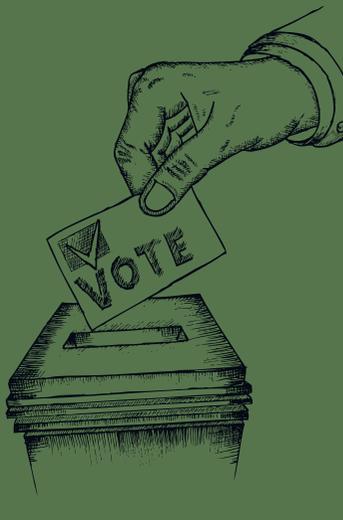

VOTING IN LUXEMBOURG'S MUNICIPAL ELECTIONS

All registered residents aged 18 years or more can vote in local elections.

WHEN?

Every six years
(last one 11 June
2023).

WHAT DO MUNICIPALITIES MANAGE?

Transport, nursery and primary education facilities and playgrounds, housing development, water, including waste water, waste management, sports facilities, social welfare offices and roads owned by the commune (not through roads).

“

**My voice,
my choice**

<https://jepeuxvoter.lu/en/>

”

HOW DO I REGISTER TO VOTE?

You can register to vote on Guichet.lu or at your local municipality. You must do so 55 days prior to the election. Voting is mandatory.

HOW DO I VOTE ON ELECTION DAY?

Proportional representation is used for municipalities of more than 3,000 inhabitants. You get the same number of votes as the number of councillors to be elected, and you can

allocate your votes to a party or a candidate, giving up to two votes to one person. Foreign residents can also stand as candidates.

<https://www.letzvote.lu/en/municipal-elections/>

POSTAL VOTE

You can apply for a postal vote and will receive your ballot two weeks before the election. Ballots come with two separate envelopes that must be used. The main envelop has a pre-paid stamp. Voters can post their ballot at any point before the election, but it must arrive at the polling station before or on election day.

WHO CAN VOTE IN OTHER ELECTIONS?

NATIONAL ELECTIONS

Luxembourg is a constitutional monarchy, with elections for 60 members of the Chamber of Deputies taking place every five years (next one 8 October 2023). To vote you must be a Luxembourgish citizen and 18 years or over.

EU ELECTIONS

Every five years (next one in 2024), Luxembourg votes for six Members of the European Parliament. To vote, you must be a citizen of an EU27 country and be 18 years or more. You can register at your local municipality.

EDUCATION & FAMILY

THE EXPAT HUB MAGAZINE 2023

CHOOSING A SCHOOL

Finding the right school for your child is important, and thankfully Luxembourg has several options from free state-run international and local schools, to fee-paying private education offerings, and ones managed by the EU for its civil servants but with spaces for other students.

Our education guide takes you through a checklist of things to consider when choosing a school, from location, transport, school hours and languages, to final qualifications and the difference between an International or European Baccalaureate, the IGCE/ A level system, and the Luxembourgish Diploma.

We also list all the international schools with English language sections, so you can plan a visit or research further online.

CHILDCARE OPTIONS ?

If both parents will be working, you might need childcare for babies and toddlers, or wraparound care for children under 12 years. We take you through the options available and the financial support given by the state.

in Luxembourg has

LANGUAGE CLASSES

You might not speak any of the official languages of Luxembourg – German, French or Luxembourgish. Don't worry, there are plenty of courses to help you learn them, in addition to conversation exchange groups. The Luxembourg Integration Contract gives you discounts on language classes and the chance to join orientation and citizenship sessions.

FINDING THE RIGHT SCHOOL

Luxembourg has a huge choice of schooling systems in several languages. Here's our guide to help you decide which school is best for your child.

Compulsory school years are from ages 4 to 16 years. It is also legal to home school your child.

WHAT TO CONSIDER?

HOW LONG YOU PLAN TO STAY?

- If you're only staying a few years, then an international school might be the best option.
- If you come from another EU country and plan to return, then the EU institutional schools ensure your child stays fluent in their native language.
- If you plan to stay indefinitely, the local school system will help your child and family integrate.

LANGUAGES OR SPECIAL EDUCATION NEEDS

What languages does your child speak now, what languages would you like them to speak, and what support will that require. If you have a child with special education needs, check what in-school support is available.

APPLICATION DEADLINES AND ENTRY TESTS

Public and private international schools have varying application deadlines and some require tests and interviews before an offer is made.

SCHOOL INTAKE YEAR

School intake years vary from September to August or January to December, which determines whether your child is the youngest or oldest in the class. Private and EU institutional schools start secondary school at age 11 years, whereas state international and local schools start at age 12 years.

QUALIFICATIONS

Is your child a specialist or a generalist in core subjects? This will influence whether you choose an International or European Baccalaureate, IGSCE/ A level, or a Luxembourgish Diploma as a final qualification.

LOCATION AND SCHOOL HOURS

Different systems have different daily attendance. Some schools have a uniform number of hours per day, whilst others have longer and shorter days. Consider if there are buses – either public or organised by the school, and wraparound care available for younger children if you both work.

ASK QUESTIONS

Most schools have open days for parents, or you can ask about specific schools via online parent forums.

We ensure that everyone in our community becomes inspired, resilient and passionate about achieving what matters, anywhere in the world.

IB V E B V IGCSE?

IB in French or English, with six subjects, three to standard and three to higher level. First and second languages plus maths are compulsory, as is one humanity and one science subject. Students must undertake a Theory of Knowledge course, an Extended Essay, and a CAS (creativity, activity, science) project.

IGCSE/ A levels in English only. Seven plus **IGCSEs** are taken at 15-17 years, and must include English, maths, a second language, and science. At 17-19 years students take 2+ A levels and can choose from classical subjects or specialist ones such as psychology or environmental studies.

At least two languages, once science subject, human sciences, ethics/ religion, and philosophy must be taken to **European Baccalaureate** level. The latter three subjects are taken in the student's second language. Additional science, social science, humanity, and language options can also be chosen.

LUXEMBOURGISH SCHOOL SYSTEM IN A NUTSHELL

- Fundamental education starts at age 4 years, finishes at age 12 years, and is divided into 4 cycles.
 - Secondary education lasts 6-7 years with general or classical options, or vocational training.
 - At primary level, the teaching language is Luxembourgish, then German. Children also learn French.
 - At secondary level, the teaching language is German for four years, then French for the final years.
 - Children under 12 years attend the school in their municipality. Secondary students can apply more widely.

Send a letter of motivation to the education director for your municipality, which includes your rationale, and why you believe state education cannot provide this. It can include details of your philosophy on education, formal learning, or specific learning. You will receive authorisation which you must take to your municipality or the VdL.

SECONDARY (12-16+ YEARS)

You write to your municipality to inform them your child will be home-schooled. You can enrol them in an online programme which leads to a specific qualification, and which will provide specific necessary documentation, or you can defend the right to self-directed schooling to the Ministry of Education.

CHILDCARE OPTIONS

What are your options if you need child or wraparound care when you are working?

PUBLIC & PRIVATE CRÈCHES

Crèches are for children aged 4 years or less, and both private and public ones are regulated by the state for education standards. Spaces are limited in both, so put your name on a waiting list early.

- Public crèches use Luxembourgish, private ones can use French, English, or German.
- Public crèches have set hours, private creches usually have longer hours.
- Priority is given to single parents and children with special needs in public crèches.

DAY NURSERIES

Take children from 2 months to 8 years for a maximum of 16 hours a week. Ideal if you require occasional help or want to transition your child from home to school.

DAY CENTRES AND MAISONS RELAIS

Day centres take children aged 4 to 12 years (or the end of fundamental education). They are open when schools close and provide lunch plus help with homework. Many open in the school holidays.

Maisons Relais help with homework, meals, and supervision for children aged 3 to 12 years and are

often attached to, or located near, a school. They usually open from 7.00 to 19.00 and are operated by local municipalities or charities such as The Red Cross and Caritas.

NANNIES, AU PAIRS OR HOME HELP

Nannies usually have childcare qualifications and can live in or out. Au pairs do not need childcare qualifications, and can take on light chores in return for bed and board.

Both are considered full-time if they work 25 hours per week, and you will be responsible for paying their health insurance.

Au pair hosting is regulated in Luxembourg and one child must be under 13 years. They cannot work for more than 5 hours per day and 25 hours per week over an average four-week period. Host families will need to send an application to the National Youth Service with supporting documents, and sign an agreement with the au pair which includes duration of stay, hours, housing conditions, days off, and tasks to be performed.

Au pairs must take a language course paid for by the host family and be paid an income or receive pocket money that is at least one fifth of the social minimum wage. They must have three eve-

nings and one full rest day per week, plus two additional rest days per month, and be accommodated in a private room.

CHILDMINDERS

This can be day or night care but must be provided by someone who is accredited and is either self-employed or works to an agreement with the family. Childminders cannot care for more than five children (including their own), at any given time. *Dageselteren* provides training and guidance for childminders and parents.

<https://www.arcus.lu/profile/4/agence-dageselteren>

SICK CHILD?

Krank Kanner Doheem is a home service for working parents that provides care for sick children. You must register to use their services.

<https://fed.lu/wp/>

FINANCIAL HELP

Childcare for children aged 4 to 12 years during school term time is free, as are school lunches. This does not cover pre-school and is only for the hours 7.00 until 19.00 on working days.

During school holidays parents of children this age, and parents of pre-school or crèche age children can use the *Chèque Ser-*

vice Accueil (CSA), an income-based government subsidy, so long as the childcare chosen is registered with the state. It is paid directly to the childcare provider, and will be deducted from monthly invoices. The amount you receive will depend on the number of children in the family, the income of parents, and the number of hours in non-formal education required per month by each child.

LEISURE

Life is not all work, so our leisure section is designed to give you a taste of what you can do in your free time.

Finding your go-to coffee place, your favourite bookshop, or gym or yoga studio, is all part of making a new country home.

EVERYDAY LIFE

We've listed great places for a cosy coffee, where to relax over Sunday brunch, and outdoor markets where you can stock up on organic fruit and vegetables, artisan produce, or antiques and art. If you love books, check out our list of English-language bookshops and libraries, and for the active, we give you the lowdown on gyms and yoga studios.

CULTURE & MUSEUMS

Culture vultures and history or art lovers will appreciate our guide to museums and galleries, from the Villa Vauban's collection of Dutch Masters, to an interactive science playground, and the country's famous Family of Man photography exhibition.

For more inspiration, we recommend that you visit the Expat Hub sections on Leisure & Shopping, Dining & Nightlife, Travel, or look at our weekly What's On Guide, for detailed, up-to-the-minute information.

COFFEE IN THE CITY

Get your daily caffeine fix at one of these cosy, eclectic and Fairtrade cafes in the city.

KAALE KAFFI 9 RUE DE LA BOUCHERIE

Gilded mirrors, velvet armchairs, and artworks on display, you can play a game of chess whilst sipping your coffee.

T-ZONE BOBA 17 RUE BEAUMONT

The latest trend of Taiwanese bubble tea, complete with tapioca balls. Try traditional black tea or coconut flavour with mango balls, sipped through a bamboo straw.

READY?! 35 AVENUE DU BOIS

Whitewashed walls, tables made from cable reels, and comfy sofas, this place is popular with students, office workers and mums meeting up.

CHIQUE-O-LATTE 16 RUE DES BAINS

Coconut latte or caramel iced coffee, this café has warm lighting and green velvet chairs plus a selection of teas including spiced chai.

CAFÉ LE BOVARY 1 RUE DE LAROCHE

A literary den with funky furniture and plenty of books to browse, you can relax on the sofa or take a table on the quiet terrace.

CHALON DE THÉ 5 RUE GLESENER

Get up close and personal with the beautiful cats that relax and snooze at this cat café.

KONRAD CAFÉ RUE DU NORD

Coffee, or something stronger, in this eclectic spot with kitsch 1970s décor, which also hosts acoustic sessions.

KNOPES COFFEE SHOP 11 AVENUE DE LA PORT-NEUVE

Light, airy, and with wooden stools and sofas, coffee is blended at their on-site workshop.

INTENSE COFFEE 61 AVENUE PASTEUR

A great location, with streetside tables for people watching, or a private terrace for chatting, you can also buy freshly ground coffee to take home.

BOOKSHOPS, LIBRARIES AND EXCHANGE SHELVES

Need a new book? Here's a list of bookshops and libraries stocking English-language fiction.

BOOKSHOPS

ERNSTER ALL ENGLISH BOOKSTORE | 4 RUE DE LA REINE

Near the Grand Ducal Palace, this is the place to browse best-sellers, the classics, travel guides, young adult fiction, biographies, and history tomes. You can order online, or visit sister bookshops with English-language sections at rue du Fossé in the city, at the Belle Etoile, Cloche d'Or, City Concorde, and Topaze shopping centres, and at Bascharage and Ettelbruck.

LIBRAIRIE ALINEA 30 RUE DES CAPUCINS

A delightful place with book-filled shelves including literature, graphic novels, kids' books, and some 1,500 English titles. You can order online too.

LIBRAIRIE DES LYCÉES 30 AVENUE VICTOR HUGO

Stocking school books, but with a selection of literature in English required for schools, so a good place to search for the classics.

QUAICHLEKER BICHERECK PLACE DU MARCHÉ, ECHTERNACH

Another place with an English section, and a good selection of modern and classical literature.

BOOK EXCHANGES

- *Bichershaf* are self-service book kiosks located across the city and in several municipalities. You can take a book, read it, and return it, or leave books in good condition for others to try.
- Café Le Bovary in Weimerskirch has a take a book, leave a book, exchange system.

LOCAL AUTHORS

- Meet local English-language authors at the annual book fair, the *Walfer Bicherdeeg*, which takes place in November.
- Order books from Black Fountain Press, Luxembourg's publishing house for literature in English, which has several books by locally-based authors.

LIBRARIES

- National Library of Luxembourg in Kirchberg stocks numerous English titles in physical and e-reader format. The library has a book bus (*Bicherbus*) that visits 81 localities, so you can order a book in advance.
- The City Library on rue Genistre lets you borrow four books and two audio books a month.
- *Il était une fois* is a children's library with books in several languages that organises storytelling sessions.

VEGAN & VEGETARIAN CAFES AND BISTROS

There are plenty of vegan and vegetarian options in the city for a lunch, dinner, or coffee and cake.

BEET 32 PLACE GUILLAUME II

Plant-based and proud, Beet has a beautiful summer terrace and modern bistro chic. Try the jackfruit tacos, various veggie burgers, or the spicy peanut curry. Around the corner at 5 rue Chimay, sister cafe Seed offers light bites, pastry, and coffee.

HAPP 44 AVENUE JOHN F KENNEDY

Happ has a different menu each day and you can view all the ingredients. Try the warm Mexican bowl, with brown rice, spiced black beans, roasted paprika, and marinated red onion with coriander.

LOKAAL 29 BOULEVARD PRINCE HENRI

The vegan menu has Bao buns with BBQ mushrooms, carrot and red cabbage, or lentil lasagne. You can try Sunday brunch at their sister establishment Lokaal Charlotte.

SNACK IN JOY 25 BOULEVARD ROYAL

Perfect 100% vegan comfort food including Chilli sin carne and vegan currywurst. It has a small terrace and wooden tables indoors.

GREEN OLIVE 75 RUE DE STRASBOURG

Lebanese specialities such as Fat-toush, okra stew, stuffed vine leaves and broccoli pancakes served with beet humus, with a buffet-style mezze option for a big appetite.

ONDA 43 RUE DE GOETHE

Tucked away in the Gare neighbourhood, you can sample freshly made vegan soups and salads, home-made bread, and desserts.

GLOW 2 RUE XAVIER DE FELLER

Relax with a book from their free library and a slice of plant-based cake at this café and bakery.

RAWDISH PLACE DE PARIS

Try their beetroot, mango, and goji berry hangover cure with a hot or

cold vegan lunch bowl. The house speciality is raw cake, so finish with Sugar Daddy, made with peanut butter, cocoa, and almonds.

NIRVANA CAFÉ 1 AVENUE DE LA GARE

A social project dedicated to promoting veganism and lactose-free dining, this café dishes up Indian and Pakistani cuisine including curries, samosas and bhajis.

PURE 3 PARK DRÄI EECHELEN

Located at the MUDAM modern art gallery, you can try poke bowls, soup, or the dish of the day, plus brunch at the weekend.

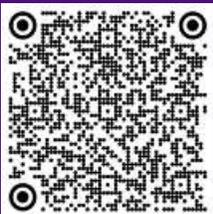

BLOOM COFFEE SHOP 101 RUE ADOLPHE FISCHER

NIGHT LIFE

Want to catch an international rock band, see some stand-up comedy, enjoy the opera, ballet, a theatre performance, watch a blockbuster or an arthouse movie, or dance the night away?

LIVE MUSIC VENUES

If you want to see headline acts then **Rockhal** in the south or **Den Atelier** in the city are the places to go – both also organise open-air concerts. This summer saw Arctic Monkeys and Robbie Williams perform, but there's still time to catch Ellie Goulding, 5 Seconds of Summer, and Sting.

Neimënster Cultural Centre is the place to go for folk, jazz, and blues. It's home to the RESET Jazz Festival, Siren's Call, and numerous open-air concerts including Kraftwerk and George Ezra in this year's line-up. For something more intimate, **Rotondes**, housed in the former railway workshop in Bonnevoie, saw an acoustic concert by rising star, Beabadoobee. Both venues also host theatre and performance art.

KulturFabrik in Esch-sur-Alzette is housed in a former slaughterhouse now adorned in urban art, and hosts club nights, festivals, and plenty of local talent from the greater region. For up-and-coming acts head to **De Gudde Wëllen** in the city, which hosts indie-folk, post punk and alt rock groups.

Opderschmelz in Dudelange stages the annual Zeltik festival and will see Dexys (Midnight Runners) performing in October.

CINEMA

For multi-screen cinemas showing the latest releases in 4DX head to **Kinepolis** in Kirchberg or Belval. You can catch arthouse and independent cinema at **Ciné Utopia**, and classic films at **Cinémathèque** in the city. Attend the annual British and Irish Film Festival, CinEast for Central and Eastern European films, and the Luxembourg Film Festival for the best of local talent. In summer, Glacis is home to a drive-in cinema whilst the city hosts an open-air cinema.

THEATRE

For international touring performances including opera, musicals, dance, and drama, the **Grand Théâtre** has a large auditorium and a smaller studio. The **Théâtre des Capucins** in the old town is a smaller venue showing cutting edge performances. You'll get locally produced performances at the **Théâtre National du Luxembourg**, **Mierscher Kulturhaus** and **Kinnekshond**.

DANCING

If clubbing is your scene, head to **Melusina**, located by the river and arranged over two floors. Located in an underground cellar with vaulted stone ceilings, **Apoteca** is London nightclub meets LA wine bar. Sushi restaurant **IKKI** in Clausen clears the decks for dancing at weekends, as does **Hitch** burger bar in Limpertsberg. The most glamorous setting is **Gotham**, with a dance floor framed by VIP tables. Techno-lovers should head to **Ground**, which also hosts LGBTIQ+ evenings, whilst if you prefer the late night bar try **Scott's Bar** in Grund.

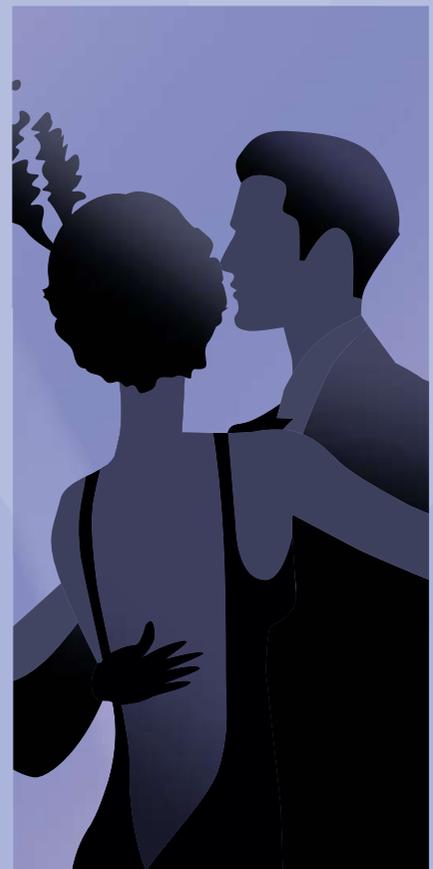

FANCY A COCKTAIL?

If you like your drink with an umbrella, head to a former pharmacy on Grand Rue, now home to **Shinzo**, which has a central square bar surrounded by velvet bar stools. The **Piano Bar** has a classy lounge area and signature cocktails like the Umami Sour, whilst **Madame Jeanette** mixes Mojitos and Mezcal Sours with tapas.

Small venue **Bar:Bar**, in the heart of the city, is big on ambience, and creates its own bespoke cocktails. **The Observatory bar** at Sofitel Le Grand Ducal has a unique view of the city's skyline at night plus designer cocktails.

Latin American themed **Maya** puts an emphasis on tequila, mezcal, and pisco cocktails, whilst **BAC** in Pfaffenthal uses ingredients sourced only in Luxembourg, including the alcohol.

INSIDE LUXEMBOURG

Historic castles and cobble streets, beautiful gorges and waterways, the Grand Duchy has plenty of sights within its borders including these four towns.

VIANDEN

A fairy tale castle overlooks the cobble streets of this artisan town. Home to the Counts of Vianden, the castle was built between the 11th and 14th centuries on the foundations of a Roman fort, and is defended by strong fortifications. You can reach the castle in summer via a panoramic chairlift to the hillside opposite, and visit its armoury, the Knight's Hall, and chapel.

Walk the ramparts on a cultural trail with information panels, and pass by the Gothic vaulted Trinitarian church and the Church of Saint Nicolas, once ministered by the Templars. Then head to the Vianden City Museum for a 1,000 year journey from the Celts to the present day, with a section dedicated to the Luxembourgish poet Edmond de la Fontaine.

Visit the house where exiled French author and poet Victor Hugo stayed in the 19th century, and peruse his letters, and drawings. The town's main bridge has a bust of Hugo created by Rodin. Come during the Nut Fair in October to try nut schnapps, or for the Medieval Festival with combat re-enactments, in the summer months.

ECHTERNACH

Best known for its Benedictine Abbey, founded in the 7th century by Saint Willibrord, this cobble-stoned medieval town lies at the edge of the beautiful Mullerthal region.

The Museum of the Abbey contains the gold-leaf pages of the Codex Aureus of Echternach produced at the scriptorium that operated from the 8th-11th centuries. Echternach was also a Roman trading post and you can visit the restored ruins of a Roman villa located by the lake.

A 15th century Gothic townhouse, the Hifhof, contains a pre-history museum, and adjacent to it, you'll find the Church of Saints Paul and Peter, which has a Celtic stone sculpture and contains restored frescoes.

The Via Epternacensis is a 15-stage circuit that follows the former town walls and five preserved towers on a tour of the town, or you can take the 5.4km circular trail to the Wolf Gorge, winding through rock-formed narrow passageways. The lake is a lovely place to relax with sporting activities and a swimming area open in summer.

REMICH

This town on the banks of the Moselle is the ideal spot for a boat trip, a cultural walking tour, or a visit to the nearby wetlands reserve. Originally a Roman settlement, Remich was fortified in the Middle Ages, and you can still see the remains of the 12th century fortress watchtower, now part of the parish church.

The Maacher Gaass alleyway invites you to step back in time to the 18th century, whilst the Bacchus fountain created by local sculptor Will Lofy, celebrates the Remich wine festival where a Riesling Queen is crowned every October.

The visitor centre was created by Luxembourg's most famous architect, François Valentiny, and designed to look like a boat moored on the banks of the Moselle. From nearby you can hop aboard the *MS Princesse Marie-Astrid* for a trip to Schengen, dining on a three-course meal.

Walk through vineyards and past pretty villages using the Lauschtour app for a free audio guide, or rent bikes to cycle to the nearby spa town of Mondorf-les-Bains. You can also visit the *Haff Réimech Nature Reserve*, the largest wetland in the country with 30 ponds that provide a unique habitat for 250 bird species. There you can visit the Biodiversum which has interactive displays on local flora and fauna.

WILTZ

In the heart of the Ardennes, Wiltz was a Celtic settlement in 764AD, but is now divided into an upper town, home to its castle, and a lower one in the valley.

The Battle of the Bulge destroyed 80% of the town's houses, and its citizens held a general strike against enforced conscription into the German army in 1942, leading to several executions. The town has a strike monument with sculptures created by Luxembourgish artist Lucien Wercollier. The castle contains a museum on the battle, and exhibitions on the region's brewing and tanning industry.

You can take one of two circular walks to take in the town's sights, including the Jardin de Wiltz, the One Penny Monument dedicated to Baden Powell's scouting movement, the Niederwiltzer windmill and one of the country's few remaining justice crosses.

LUXEMBOURG CITY UNDERGROUND

Explore the city's underground network of tunnels at the Bock and Pétrusse Casemates.

The city's strategic importance spans several centuries, and with independence came the need to dismantle many of its envied fortifications, but the history of Luxembourg lies beneath in the casemates of the Pétrusse and Bock.

These complex and extensive networks of defence tunnels were not built until well after the first stronghold was erected by Count Siegfried in the 10th century. Over the years, this was extended and fortified by military engineers, whilst in the hands of the Holy Roman Empire, the House of Burgundy, The Habsburgs, and French and Spanish kings, and finally the Prussians.

The first casemates, or underground tunnels, were built in 1644 under Spanish rule. French military engineer Vauban's command some forty years later, saw the 23km tunnels enlarged. They were extended yet again by the Austrians in the mid-18th century.

Subterranean defensive passages were placed on different levels, some going as deep as 40 metres. They were capable of sheltering thousands of soldiers, their equipment, and horses. Spread

over several levels, the tunnels at one time housed fifty cannon and a garrison of 1,200 soldiers. Despite being named the "Gibraltar of the North" due to its impressive fortifications, the fortress was evacuated and dismantled as part of the Treaty of London in 1867, which called for Luxembourg to be permanently neutral.

It took 16 years for the fortifications to be disassembled, and the casemates were reduced to just 17km of tunnels. So essential are they to the foundations of the city, they can never be destroyed without causing damage to the urban fabric.

The tunnels' life did not end however. During the two world wars the Bock Casemates and those of the Pétrusse valley were able to shelter up to 35,000 people in the event of bombardment. They have also served as kitchens, bakeries, and slaughterhouses.

Today this unusual underground feature is part of the city's UNESCO World Heritage Sites. They afford outstanding views of the Grund valley, Neimënster Abbey, and the remains of Vauban's fort.

THE BOCK CASEMATES

Visit this defensive network dug into the promontory which includes an archaeological crypt, an antechamber and at the entrance, scale models that tell the story of the Grand Duchy which began on the Bock cliff with Count Siegfried. Built by the Austrians in 1745, they have been visited through the centuries by Emperor Joseph II of Austria, Napoleon I, Prince Henry of the Netherlands, and the Grand Duchess Charlotte of Luxembourg.

Open daily, you can take a self-guided visit from 10.00 to 17.00, with entry every 15 minutes for a maximum of 25 people. Entry located at Montée de Clausen.

THE PÉTRUSSE CASEMATES

The Spanish modernised the original medieval fortress by building large fortifications such as the Beck, the site of today's Place de la Constitution. The remains of the half-moon shaped defensive structure known as the Ravelin du Pâté (still visible today) was built to reinforce the Beck bastion. Vauban gave them their current form, and in the 1746 the Austrians built the current casemates, known as the Batterie de la Pétrusse.

After the Treaty of London, the casemates were used as shooting ranges, and in the 1890s mushroom rooms were grown in the Pastetchen section. As the 20th century dawned, the tunnels were the site for concerts and bazaars, and used by a wine merchant to store wine and champagne bottles.

Today the tunnels reveal cutting-edge scenography and light installations to bring history to life. Tours in English are held daily at 15.00 from Monday to Saturday and at 14.30 on Sunday. Entry located at Place de la Constitution.

DISCOVER THE CITY BY FOOT

Take a walking tour of the city to discover the main sights or book a personal guide to bring the capital's colourful history and architecture to life.

WENZEL CIRCULAR WALK

Travel through a thousand years of the Grand Duchy's history through the oldest quarters of the city. View the valleys from the top of the Bock Promontory, a rocky ledge surrounded on three sides by the Alzette valley, where Count Siegfried built his castle in 963.

Stop at the Bock Casemates to enter the tunnel network used to defend the strategic fort, for some spectacular views over the Grund. From here you can travel the Chemin de la Corniche, described as Europe's most beautiful balcony, which runs along the ramparts built by the

French and Spanish invaders in the 17th century, until you reach the Holy Ghost Citadel.

Visit a former Benedictine abbey now Neimënster Cultural Centre, in what was once the artisan district, before ascending to Vauban's military fortifications for views of the Saint Esprit Plateau.

The Wenzel wall was named after Wenceslas II, the Duke of Luxembourg from 1383 to 1419, under whose reign the wall was built to protect the inhabitants of the city.

NATURE & PARKS IN THE CITY

Relax in nature or enjoy some family fun in the many parks and playgrounds that make up the green lung of Luxembourg City.

Covering more than 5,000 hectares, the city's first park was created by French landscape artist Edouard André in the 1870s, and is still one of the main municipal parks. André's son went on to develop the Pétrusse park which separates the old town from the railway station district.

BAN DE GASPERICH PARK

The city's newest and largest park extends over 16.6 hectares and opened in June 2023. A mixture of lawns, dry grasslands, marshy areas and alluvial forest, the park is a vital homeland for local flora and fauna, including native maple and beech trees, and hornbeams.

A *brasserie* is planned, and recreational spaces can host events and concerts. Joggers and walkers enjoy a 4km long network of branching paths that surround a large pond, whilst children love the playgrounds, and everyone can make use of the multi-sports pitch, beach volleyball and *pétanque* courts.

KLOSEGRÄNNCHEN ARBORETUM AND KIRCHBERG PARK

Despite being the main business district, a green ribbon has been created on the Kirchberg Plateau. The public park is perfect for a lunchtime stroll, a game of *pétanque*, a picnic or to explore some outdoor sculptures. Behind the Robert Schuman hospital, the arboretum contains tree species and rock samples from member states of the European Union.

EDMUND KLEIN PARK, KINNEKSWISS, AND PESCATORE PARK

One of the oldest parks in the city, the Edouard André Park is at one end of a green space that forms a semi-circle around the old town. At the other end the Edith Klein Park has a small lake, a fountain, and statues of Mahatma Gandhi and Victor Hugo, and in between, is the recently refurbished pirate park, complete with a giant pirate ship, water play features, a tube slide and tyre swings. Kids can climb the rigging or search for buried treasure in the sand.

Towards Glacis, the Kinnekswiss park provides some welcome summer shade and hosts open-air concerts, outdoor yoga, and fun-fair rides, whilst Pescatore Park invites you to sit on a bench by the fountains, or take the panoramic glass elevator to Pfaffenthal.

PÉTRUSSE PARKS

Starting by rue d'Anvers, the parks in the Pétrusse valley are currently undergoing renovation until the end of the year, but include an outdoor fitness area, soccer and basketball courts, a playground for kids, and one of Europe's largest skate parks. The work will allow the river to flow through its natural course. You can still enjoy segments of the park and take several paths that lead up the valley into the old town.

FAMILY PARKS

BAMBËSCH

Set in forest at the edge of the city, with plenty of walking trails, this park has a brand-new adventure playground. Designed in wood and stone, in keeping with its surroundings, the playground challenges kids to discover new scientific concepts with a water play area, a wooden parkour, and a sound maze, but has swings, slides, and zip wires, plus plenty of shady spots under the trees for a picnic. Themed around the historic landmarks of the city, there are seven play sections including a wooden replica of the Dräi Eechelen fort. The number 33 bus travels from the city to the park.

MERL PARK

A pond flanked by a cafe, a rose garden, dog park, and children's playground, Merl Park makes a great family destination. In summer there are trampolines, or children can enjoy the climbing frames, zip lines, tube slides and a sandpit. From autumn the playground will undergo a refurbishment which will see mini sailboats for rent, a racetrack for bikes, and a new picnic area.
